Nagoya, Japan
<http://en.nagoya-u.ac.jp/employment/>

The Biological Science Program in the Nagoya University Global 30 International Programs invites applications for a full-time, non-tenure-track, Designated Lecturer, Designated Associate Professor, or Designated Professor position.

We encourage candidates who have shown excellence in teaching Biological Science to students at the undergraduate level to apply. The G30 Program is known for its small class sizes, motivated students, and international atmosphere. Standard teaching load is up to eight courses per year. A course is equivalent to one 90-minute lecture per week for 15 weeks. Successful applicants will also be expected to advise students and take part in admissions. The successful candidate should engage in research in the Division of Biological Science at the Graduate School of Science. Teaching duties for the school year starting October 1st 2018 include the following classes: Physiology and Developmental Biology (fall), Biochemistry I (fall), Physiology (fall), Genetics II (spring), Biochemistry II (spring).

Qualifications:

- 1) Doctoral degree in Biology or a related field in Life Science, with teaching experience
- 2) Demonstrated ability to advise students at the undergraduate and graduate levels
- 3) Willingness to participate in the International Programs of the university, including but not limited to teaching courses to Japanese students and some administrative duties
- 4) Strong interpersonal skills and evidence of success in a multicultural environment with students, faculty, administration, and the local community
- 5) Record of research experience in Biology or a related field in Life Science
- 6) Japanese language proficiency is welcome though not required.

Compensation:

The initial contract will start on September 1st, 2018 and terminate on August 31st, 2021. Contingent upon job performance and funding of the Global 30 International Program, the contract may be renewable every three years, possibly up to the termination on August 31st, 2028.

Salary: Approximately JPY5,000,000-10,000,000/year (all inclusive). Salary will depend on qualifications and experience. Taxes and insurances will be withheld from the annual salary.

Application Requirements:

- 1) Cover letter
- 2) Full curriculum vitae— please include country of citizenship and university graduation dates.

- 3) Copies of graduate transcripts (unofficial copies acceptable for the application process)
- 4) List of three referees, each with Name, Title, Name of Organization, Length and Nature of Relationship with Applicant, and Contact Details included (note: we will conduct reference checks for candidates who pass the initial screening)
- 5) Summary of research experience (about two pages)
- 6) List of research achievements (including invited lectures and research grants)
- 7) Copies of main article reprints (maximum of 5 papers; if applicable)
- 8) Proposal of future research plans (about 1 page)
- 9) One-page statement of teaching philosophy, addressing the applicant's ability to integrate creative thinking and global perspectives into their courses
- 10) Evidence of teaching excellence, such as any of the following items (if applicable):
 - a) Copies of past course syllabi—from at least two different courses—prepared and used by the applicant illustrating his/her teaching philosophy
 - b) DVD of the applicant teaching a class
 - c) Student evaluation forms and summaries from at least two different courses
 - d) Student letters
 - e) Public commendations, prizes, and other awards for teaching excellence
- 11) Public commendations, prizes, and other awards (if applicable)

To apply, please send your complete application package by postal mail. Incomplete applications will not be considered. Application documents will not be returned.

[Postal Information]

Please enclose the above documents in an envelope and write "Faculty Application for International Programs position; No. RB30" in red ink on the envelope.

Contact:

Division of Biological Science, Graduate School of Science, Nagoya University

E-mail: nug30biosci@bio.nagoya-u.ac.jp (in English or Japanese)

Application deadline:

April 15th, 2018

(Note: Only short-listed candidates will be notified for further instructions.)

Educational Policy of Nagoya University's Global 30 International Programs :

Nagoya University's fundamental objective is to cultivate leaders with courage and intellect. We call such individuals '*yuuki-arū chishiki-jin*,' people who can harness their courage, curiosity, and creativity to engage in education and research. Nagoya University's multi-disciplinary curriculum cultivates ethical leaders to be productive members of global society. We encourage highly motivated educators who share this vision to apply. Also we are an equal opportunity employer. Applications from women researchers are encouraged.
