

Job Opportunity for Tenure-Track Assistant Professor (non-PI) of Biological Science, Graduate School of Science, Nagoya University

Outline: Nagoya University Graduate School of Science will recruit a tenure-track assistant professor “Jokyo” for the Group of Reproductive Biology, Division of Biological Science.

Number of Positions : 1 Tenure-Track “Jokyo” (non-PI [principal investigator] assistant professor)

Term: 5 years

Starting Date: 1 April 2019 or later.

Qualifications : Holder of a doctorate (Ph.D.) degree (as of the end of March 2019). A good command of Japanese is desirable. Experience in maintaining small fish and research of reproduction using medaka *Oryzias latipes*, particularly with skills of microinjection, clonal analysis, histology and cell sorting are required.

Salary/Allowances: Annual salary system (to be decided based upon education/employment history, pursuant to the Nagoya University Pay Rules for Employees Covered under the Annual Salary System).

Mission: The applicant will join the Group of Reproductive Biology and cooperate with other members for ongoing projects of sex determination. S/he will be encouraged to develop her/his own research project and apply for grants.

Tenure-Track Evaluation: Research, laboratory teaching performances, and acquisition of budget will be reviewed by the end of the 5th year. The successful applicant will be promoted as a tenure assistant professor (non-PI position); otherwise employed as a project assistant professor with a term of 1 year.

Application Materials : Compile a pdf file containing the following items and send it by email to the address below (use Japanese or English): 1) Curriculum vitae, 2) Publication list, 3) Transcript of grades (if available), scholarships, grants, awards received, 4) Research and career plans (within three pages), and applicant's policy on education (within one page), 5) Two contact addresses of the references. These materials can be prepared in either English or Japanese.

Application Submission:

Professor Minoru Tanaka

Group of Reproduction, Biological Science, Graduate School of Science, Nagoya University

Furo-cho, Chikusa, Nagoya 464-8602 Japan

Contact: Professor Minoru Tanaka (mtanaka@bio.nagoya-u.ac.jp)
