

Center for Experimental Studies
The Kobayashi-Maskawa Institute for the Origin of Particles and the Universe (KMI)
Nagoya University
Nagoya, Japan
<http://www.nagoya-u.ac.jp/eng/>

The Kobayashi-Maskawa Institute for the Origin of Particles and the Universe (KMI), Nagoya University, has been established in order to solve the fundamental mysteries of elementary particle physics and the universe and to develop a new frontier in physics by the collaboration between theoretical particle physics groups, experimental particle physics groups, cosmology and theoretical astrophysics groups, experimental astrophysics groups, and mathematical physics groups including string theorists. The Center for Experimental Studies in KMI seeks to fill a full-time, non-tenure-track, designated Associate Professor position. The successful candidate is expected to participate in a flavor physics experiment using a high-energy accelerator, together with researchers at KMI, and also promote collaborative research with other groups in KMI, such as theoretical particle physics.

Minimum Qualifications

- 1) Doctoral degree in Physics
- 2) Willing to participate widely in the activity of Center for Experimental Studies and the Kobayashi-Maskawa Institute for the Origin of Particles and the Universe (KMI) including some administrative duties, such as organizing seminars and international workshop/conferences, as well as to participate physics research activities, focusing on flavor physics using a high-energy accelerator, in the Center for Experimental Studies.
- 3) Excellent research experiences on the relevant fields

Term

The contract will be starting on the earliest possible date after April 1, 2020 as soon as possible, and terminating on March 31, 2023.

Salary

Commensurate with qualifications and experience, based upon institutional policy

Application Requirements

- 1) Cover letter
- 2) Full curriculum vitae—please include country of citizenship
- 3) Two letters of professional recommendation—written within a year of this application—with the referee's Name, Title, Name of Organization, Length and Relationship with Applicant, and Contact Details included (note: we may conduct reference checks for candidates)
- 4) Summary of research experience
- 5) List of all publications and copies of up to three
- 6) Research project
- 7) Indication of the date available to start

To apply, please send the pdf files of 1),2), 4)-7) in Application Requirements by e-mail to koubo@kmi.nagoya-u.ac.jp

You should clarify the number KMI-2019-1 and the applicant's name in the Subject area. The letters of professional recommendation should be directly sent by the referees, who should also clarify the number KMI-2019-1 and the applicant's name in the Subject area. After we received the files, we will send a mail for the confirmation. If you do not receive the mail in two days, please contact again.

Contact: Toru Iijima (iijima@hepl.phys.nagoya-u.ac.jp), Director of Center for Experimental Studies (in English or Japanese Language)

Application deadline: September 30, 2019

+ Nagoya University plans to found the Institutes for Advanced Research Excellence (IARE), starting on October 1, 2019. Under this new institute, the Center for Experimental Studies, Kobayashi-Maskawa Institute will be reorganized as the Division for Experimental Studies, Kobayashi-Maskawa Institute.

+ Nagoya University promotes gender equality in employment, and actively encourages female applicants.
