

## Education

By promoting a world-class education, we aim to foster courageous intellectual leaders that can contribute to human well-being. We are changing the relationship between Nagoya University and secondary schools.

- **Admitting excellent students:** Improving admission system and establishing admission center
- **Reforming three policies:** Degree conferment, curriculum design & student admissions
- **Improving international compatibility of educational system:** Introducing quarter system and international joint degree programs

## Research

Inspired by our Nobel laureates, we are committed to the creation & discovery of knowledge through research.

- **Supporting frontier research led by:**
  - “Institute for Advanced Research” for basic research
  - “Institute of Innovation for Future Society” for practical research
  - “ITbM” for WPI program
- **Establishing new research centers:** i.e. WPI-Next
- **Recruiting, retaining & supporting most talented faculty & fostering world-class researchers:** Greater support for women, non-Japanese & early-career

## International

We are developing a university that attracts the best students, faculty & staff from around the world & contributes to creating a more sustainable society. In particular, we seek to work closely with countries in Asia.

- **By 2020:**
  - Increasing number of international students to 3000
  - Increasing internationally experienced faculty members to 650
  - Increasing domestic students studying abroad to 1000
- **Increasing international students enrolled in English-taught curriculum & number of English-taught courses:** i.e. G30 NEXT
- **Implementing strategies with focus on Asian countries:** i.e. Asian Satellite Campus & ASEAN Net PLUS

## University-Industry Collaboration

As a core university located in one of the world's most dynamic industrial clusters, we conduct research and pursue innovation that contributes to value creation for betterment of society.

- **Establishing a new “industry-academia-government collaboration” to implement open innovation:** Establishing new research center on gallium nitride (GaN) & “Future Integrated Electronics Research Center”
- **Fostering people who contribute to society:** Increasing entrepreneurial education & industry-academia collaboration
- **Increasing regional resilience for safety & disaster relief:** Establishing Disaster Mitigation Research Center & new model for industry-academia-government-civil society collaboration

## Organizational Management

Nagoya
