INTRODUCTION

This is Admission Fee Exemption / Deferred Payment and Tuition Fee Exemption that Nagoya University independently implements.

The target is graduate students, undergraduate privately funded international students, and Japanese undergraduate students enrolled before 2019.

Note that Japanese undergraduate students enrolled after 2020 will be supported by the "Higher Education Study Support System" that the government has been implementing since April 2020.

Even if you are a Japanese undergraduate student enrolled after 2020, you can apply if you meet Nagoya University's original Admission Fee Exemption (Deferred Payment) Application qualification (page 5) or Tuition Fee Exemption Application qualification (page 5).

Regarding application qualifications for Admission Fee Exemption (Deferred Payment) and Tuition Fee Exemption Application for households affected by severe disasters, students of households affected by the target disaster should use the required documents specified in the Admission Fee Exemption (Deferred Payment) and Tuition Fee Exemption Application guidelines. In addition, it is necessary to submit a "Disaster Certificate".

Professionals and those who have exceeded the standard period of study are not eligible for Tuition Fee Exemption in principle, but those who have repeated a year or have exceeded the standard period of study for less than one year may be accepted for some reason.

"Repeating year" means staying in the same grade, and "exceeding the standard period of study" means that the period of enrollment including the period of leave of absence exceeds the regular period of study.

3. NOTES

★ ADMISSION FEE EXEMPTION / DEFERRED PAYMENT

Selection for Admission Fee Exemption/eferred payment will be made based on your application, financial and academic criteria and approval will be given to those selected within the limits of our budget.

"Deferred Payment" means that the deadline for payment will be pushed back. However, you will still be required to pay the full amount of the admission fee.

★ TUITION FEE EXEMPTION

Selection for Tuition Fee Exemption will be made based on your application, financial and academic criteria and approval will be given to those selected within the limits of our budget.

Those who would like to apply for both the spring and fall semesters, please submit the Simultaneous Application once a year (in the spring semester application period). (Application must be made by the applicant themselves.)

Students who will not be enrolled in the fall semester for reasons such as taking a leave of absence can submit a Spring Semester Application.

If you have submitted the Simultaneous Application and any changes in the information on the application (family status, educational, financial and other situations) occur between the time of spring semester (1st April) and fall semester (1st October) applications, you must submit a Fall Semester Change Application during the fall semester application period. Although the Simultaneous Application is available once a year, the selection is made twice a year (in the spring and fall semesters). Therefore, in some cases, the application results may differ for spring and fall semesters.

If you take a leave of absence or withdraw from the University before the application results are known, you will forfeit your application and must pay the tuition fee.

★ ADMISSION FEE EXEMPTION / DEFERRED PAYMENT AND TUITION FEE EXEMPTION

During the review process, there may be instances in which documents are found to be insufficient, require further clarification, etc. and, as a result, you may be asked to submit additional documents or provide confirmation/certifications even after the period for submitting application documents has passed. So please reply promptly to any communication from the university staff. We will not be held responsible for any disadvantages applicants suffer due to failing to appropriately communicate with our staff. We will also not accept applications after the application period has passed.

Please note that if you do not submit missing or additionally requested documents by the designated date, your application will be considered incomplete and therefore excluded.

If forgery or any false statements are found in the submitted documents after the Admission Fee Exemption is approved, then this approval will be revoked and the applicant will be required to pay the admission fee.

Documents will not be returned after submission.

Those applying for the Admission Fee Exemption/Deferred Payment will be exempt from paying the fee until after the application results are announced.

Note that fees once paid is non-refundable even if your application for the Admission Fee Exemption is approved. So please be careful not to pay admission fee until after the application results are announced.
